

B-Corp Best for Environment – 2018

<https://bthechange.com/2018-best-for-the-world-environment-honorees-1bb43d8f5531>

Goldmann & Partners, just one year after obtaining the B Corp certification, obtains recognition for the Environment category.

In this context, the ability to create products and/or services that optimize the performance of its customers is measured, helping to reduce the energy and environmental impact of their activities and obtaining, in this regard, objective evidence confirmed by the customers themselves.

The fifteen architectural firms that received the **Environment** award globally in 2018 were selected from all participants from 72 sectors and 25 countries.

Goldmann & Partners is among them, the only sustainable design and project & construction management company in the world outside the American continent.
