

Goldmann & Partners SB, <https://www.bcorporation.net/en-us/find-a-b-corp/company/goldmann-partners-srl/>, gets, for a second year in a row, the Best For The World Award for Governance (in 2020, the Awards were suspended due to Covid). Though it's not a commonly discussed term, corporate governance impacts everyone. When companies incorporate their mission into the DNA of their company structure, they protect their long-term vision and fully commit to using business as a force for good. The Best For The World in the Governance impact area walks daily through exemplary governance practices, scoring in the top 5% of all B Corps globally.

Goldmann & Partners SB is proud of such renewed recognition and is committed to keeping improving its standards and making them available to all stakeholders.
